FISCAL NOTE ANALYSIS**STATE OF ALASKA
2015 LEGISLATIVE SESSION****Analysis**

Section 2(a)(6) of the bill requires the State to reform the Medicaid program in a manner that reduces the cost of providing behavioral health services. To achieve savings, the department will apply to the Centers for Medicare and Medicaid Services (CMS) to develop the 1915(i) funding authority, and provide Medicaid-funded behavioral health services that are currently GF-funded through the Behavioral Health Treatment and Recovery Grants program.

This option will serve Medicaid-eligible adults with behavioral health needs that result in multiple admissions to inpatient or residential care. The population includes homeless, those re-entering from incarceration, and others who intermittently use services.

The federal match rate for the 1915(i) option is the regular match rate, usually 50% but 65% for the Children's Health Insurance Program (CHIP) and 100% for tribal services provided to Indian Health Service beneficiaries. Behavioral Health Medicaid Services average 56% federal match.

Medicaid State Plan and regulation changes are required to implement these changes. The estimated effective date of regulation changes is July 2017.
